RE: Alternative Nap Plan  
Date: 9-5-03

In accordance with rule 5101:2-12-42 of the Administrative Code, all children in attendance over five hours on a given day, shall be provided with an individual, firm, and sanitary cot...unless the use of a cot is considered hazardous to an individual child.

If any parent, for any reason, feels that the state-approved cots present a safety concern for their child, alternative plans can be arranged. These alternative plans must be agreed upon by both the parent and the Day Service. Please indicate below which alternative method best suits your child.

- Mattress
- Mat
- Unsure
- Other. Please explain:
